

LE NGOC THACH

Java Architecture

Last updated: Aug-12-2020

SUMMARY

- ✓ Investigation and experience with more 5 years in data analytics to build new values for projects.
- ✓ Experienced in leading team to build software products or manage software projects effectively and creatively.
- ✓ Having 19+ years experienced in software development and project leading around Java Technologies.
- ✓ Best strength in team leading: like "working together to achieve goals" other than personal.
- ✓ I enjoy tennis, football, swimming, ping pong, and book reading. They help me to keep healthy, active, and happy throughout life and work.

Le Ngoc Thach's skill set

PERSONAL DETAILS

Name: Thach Le Ngoc	DOB: Nov-19-1977
Tel: 0908 550 642	POB: Khanh Hoa Province
Sex: Male	Address: 10A Street 182, Tang Nhon Phu A Ward, Dist. 9, HCMC
Email: ThachLN@gmail.com	
Facebook URL: https://facebook.com/ThachLN	
My eBook: https://thachln.github.io (Touch on AI in ten days – Vietnamese version)	

WORKING EXPERIENCE IN FOREIGN COUNTRIES

Time	Notes
1) From Sep 2004 to Nov 2004; From Aug 2005 to Nov 2005	Address: Moriguchi, Japan Scope of works: Work at Sanyo's Head Office to get requirement (from Sep 2004 to Nov 2004) and deploy the product (from Aug 2005 to Nov 2005)
2) Jul 2007	Address: Tokyo, Japan Scope of works: Work at Toshiba Joho SI2 to get requirement.

I look forward to contributing my experiences in Java Architecture; experiments in management, leading and team work to your company. My new knowledge, skill and learning ability in Data Science would be very useful for your company. I aspire to bring new value to your department, company or group from my investigations in Java Technologies and Data science.

ACADEMIC QUALIFICATION

Qualification	Institution	Country	Length of Program	Year completed
Master of Computer Science	HCM UIT University (HCMC National University)	Vietnam	3 years	2007
Computer Science Engineer	HCMC University of Technique	Vietnam	5 years	2001
Having Vietnam National IT Consolation Prize in 12th grade	Khanh Hoa team	Vietnam		1995

TRAINING COURSES

Name of Course	Conducted by	Duration	Year	Certificate
Predictive and Causal Analyses (Phân tích tiên lượng và nguyên nhân)	Cho Ray Hospital	6 days	2019	Completion
Artificial Intelligence – AI	FPT	5 days	2018	Completion
FPT MiniMBA	Viện Quản Trị Kinh Doanh FSB	2 years	2017	Excellent Completion
Advanced Data Analysis	Ton Duc Thang University		2016	Completion
Scientific Data Analysis (Phân tích dữ liệu khoa học)	Ton Duc Thang University	12 days	2015	Completion
Instructional design	FPT Software	2 days	2015	Completion
Train the Trainer	FPT Software	2 days	2014	Completion
Philosophy in University teaching (Lý luận dạy học đại học)	HCMC University of Education	60 credit points	2010	6/10
Software Engineering Train the Trainer Workshop	Motorola Corp.	2 weeks	2003	
Methodology of Creativity	Center for Scientific Technical Creativity (227 Nguyen Van Cu St, Dist.5, HCMC)	3 months	2002	Middle

FOREIGN LANGUAGES:

English: Influence in Speaking and Writing.

JOB HISTORY

Company	Job title	From year to year
4. [Current company]	Data Analyst	
1) Project name: Big Data System Build Big Data System: Hadoop, Logstash, Kibana, MongoDB, Elasticsearch, Kibana, Kylin/Druid, Java Technologies . 2) Project name: Build new version for Newsfeed Job: Lead team to apply Java Technologies (Java, Spring), Data Analytics. Team member: 8 members Technologies: Java, MySQL, MongoDB, Hadoop		Mar-2020 ~ Now
3. My own project	Product Owner: Learning Management xLMS	Sep 2019 ~ Feb-2020
1) Project name: xLMS - TOEIC Technologies: J2EE , Spring, Sakai Portal, MySQL, Python, Hadoop/MapReduce, scikit-learn, Spark MLlib. Team member: 40 members 2) Project name: Learning Recommendation Technologies: J2EE , Python, Data Analytics Team member: 2 members		
2.3 FPT Software (3 rd)	Training Officer & Project Manager	Sep 2014 ~ Sep-2019
1) Training infrastructure operator, develop Java-based project to improve internal activities. Technologies: Java, Spring, MySQL, Sakai Portal		2017 – Sep-2019
2) Implement the training program Global Software Talent – a training project which supports Vietnam Universities to implement the FPT-Software Fresher training program. Position: Executive Officer / Senior Trainer Develop project basing on Sakai Portal (Java Technologies)		Apr 2014 – 2017

Company	Job title	From year to year
2.2 FPT Software (2 nd)	Provide personal service of Project Management: Project Management by Heart.	Sep 2012 ~ Mar 2014
1) Project name: IC Technologies: VB6, VB.NET. Scope of work: Coding, Testing. Duration: 2 months. Team size: 8 members. Position: Project Manager.		Jan 2014 ~ Mar 2014
2) Project name: Wedding Technologies: J2EE , Struts, Oracle. Scope of work: Design, Coding, Testing. Duration: 3 months. Team size: 32 members. Position: Support Project Manager to solve the big issues.		Nov 2013 ~ Jan 2014
3) Project name: Panorama Camera Technologies: C++, MFC, OpenCV. Scope of work: Requirement, Design, Coding, Testing. Duration: 6 months. Team size: 6 members. Position: Project Manager		Apr 2013 ~ Oct 2013
4) Project name: partner Technologies: VB6, VB.Net, SQL Server 2008. Scope of work: Migration, Testing. Duration: 6 months. Team size: 40 members. Position: Project Manager		Sep 2012 ~ Mar 2013
3. Learning	Free to learn from life: Find the answer "What should I do next?"	Jun 2012 ~ Sep 2012
2.1 FPT Software (1st)	Team Leader → Project Manager	2004 ~ Jun 2012
Participated Projects:		
1) Initial Training Train skills: Software Development Life-Cycle; Understanding Software Requirement Specification, Design; How to do Coding, Unit Test; Implementation the project; Position: Training Manager		Mar 2008 ~ 2012
2) Project name: NITT Technologies: HTML, JSP, JavaScript, Hibernate, WebLogic, Oracle.		Nov 2007 ~ Feb 2008

Company	Job title	From year to year
	<p>Scope of work: Coding, testing. Duration: 3 months. Team size: 4 members. Position: Technical leader.</p>	
	<p>3) Project name: DMSS (Document Management Synthesis System) Technologies: HTML, JSP, JavaScript, JDBC, Workflow, IIS, JRUN, Oracle 10g, Windows 2003. Scope of work: Create detailed design, coding, testing. Duration: 3 months. Team size: 6 members. Position: Project Manager.</p> <p>This project is failed about management in finance. I have learned many lessons from this project.</p>	Jul 2007 ~ Oct 2007
	<p>4) Project name: PIMS (Personal Information Management System) Technologies: J2EE, Struts, Oracle 9i. Scope of work: Design a part of the program, Coding, Testing. Duration: 4 months. Position: Project Leader.</p>	Sep 2006 ~ Jan 2007
	<p>5) Project name: TougoDB Service - a web application of reporting. Technologies: ASP.Net, ActiveReport, IIS, PLSQL, Oracle 10g. Scope of work: Maintenance, Customer supporting Duration: 6 months. Team size: 2 members. Position: Technical leader.</p>	Jan 2006 ~ Jul 2006
	<p>6) Project name: TougoDB2 - Upgrading Integrated Data Management System. Technologies: VB.Net, ASP.NET, Oracle, Biztalk, WebService. Scope of work: Get requirement; Create Basic design, detailed design; Coding, Testing, Deployment and Maintenance. Duration: 15 months. Team size: 14 members. Position: Project Leader.</p>	Sep 2004 ~ Dec 2005
	<p>7) Project name: TougoDB1 - An Integrated Data Management System for Reporting and Data</p>	Apr 2004 ~ Mar 2005

Company	Job title	From year to year
<p>Analysis.</p> <p>Technologies: VB.Net, ASP.NET, Oracle 9i for Windows, Oracle 10g for Linux, Biztalk, WebService, RedHat Linux.</p> <p>Scope of work: Get requirement; Create Basic design, detailed design; Coding, Testing, Deployment and Maintenance.</p> <p>Duration: 9 months.</p> <p>Position: Developer.</p>		
1. Dan Phong	Programmer → Team Leader	2001 ~ 2004
Participated Projects:		
<p>8) Project name: EasyBiz - A CRM product.</p> <p>Technologies: VisualBasic 6.0, MSSQL 7.0, MSSQL 2000.</p> <p>Duration: 6 months</p> <p>Main duties: Customer technical support, Trainer.</p>		Oct 2003 ~ Mar 2004
<p>9) Project name: uPortal - This is a framework for web applications (www.uportal.org); develop applications (channels) for this framework.</p> <p>Technologies: HTML, XML, XSL, JDBC, EJB, J2EE, Sybase, PostgreSQL, Oracle, Windows 2000, RedHat Linux.</p> <p>Main duties: Studying and assistant develop RAD (Rapid Application Development) for uPortal.</p> <p>Developed channels: Calendar, Forum, DocManagement.</p> <p>Duration: 2 years.</p> <p>Position: Developer, Designer.</p>		Aug 2001 ~ Sep 2003
<p>10) Project name: AirStock - This includes a Stock Server and a Midlet (Application for hand phone such as Nokia, Motorola).</p> <p>Technologies: XML, J2ME, MSSQL 2000, Windows 2000,</p> <p>Duration: 3 months.</p> <p>Position: Developer.</p>		May 2001 ~ Aug 2001
<p>11) Project name: Parking - A web application to manage parking.</p> <p>Main duties: Assistant screen design, coding XSL, XML languages.</p> <p>Duration: 3 months.</p> <p>Position: Developer.</p>		Feb 2001 ~ Apr 2001
